BRINGING A LAPTOP ON THE SCHOOL SITE

I wish to bring my own laptop or electronic item onto the school site for academic purposes. I agree to abide by the school terms and conditions and will not attempt to connect to the school network.

I understand that my laptop or electronic item must be covered by my own personal home contents insurance as a portable item.

I will not try to claim against the school for any damages caused to my laptop whilst on the school site. I accept full responsibility for the laptop whilst on site and will not claim for any contribution towards any costs incurred whilst the laptop is on the school site.
